

## Miller & Rhoads

The Miller and Rhoads Employees' Aid Society will run an excursion this evening to West Point. Tickets, 50 cents—on sale at the transfer desk or at the train. Special train leaves at 6:30 P. M. Store closes 5 P. M. to-day on account of the excursion. We will be glad to have you join us. EXCURSION COMMITTEE.

BROAD STREET—TWO ENTRANCES—SIXTH STREET.

## Women's Umbrellas, 95c

Worth \$1.69.

Two hundred and fifty of them—26-inch, paragon frame, gloria covered, tape edge Umbrellas.

Waterproof cloth, which is guaranteed for one year. Sterling silver, trimmed horn and pearl handles. Umbrella bargains like this are not waiting around for somebody to pick up.

An umbrella house wanted us to buy an odd lot of separate handles—which we did in consideration of the concern furnishing us a frame and cover that would enable us to sell a \$1.69 Umbrella for 95c.

An expert on Umbrellas said yesterday they were really two dollar values.

May Manton Patterns 10c. each, on sale in Trimming department, by mail 12c.

## ELLYSON FOR THE SMALLEST COST

### State Chairman Does Not Desire to Impose Burdens on Candidates.

Hon. J. Taylor Ellyson, chairman of the State Democratic Committee, who was the first of all the candidates to pay his assessment to the committee for the privilege of entering the primary race, said last night that the candidates would have until July 22d to enter and pay their assessments.

This information will be valuable, as many candidates are not advised as to the time limit of their entries. Mr. Ellyson appears very confident of his nomination for the second place on the ticket, and is not at all hopeful of carrying Richmond city, which has so often honored him in the past.

The chairman believes with most other citizens that the assessment made by the

committee is too high, in that it could be readily raised by the local committee. "I shall do all in my power," said Mr. Ellyson last night, "to see that some law is passed by the Legislature to evade this enormous and unnecessary expense upon candidates."

### Trip Across the Continent.

The passenger department of the Chesapeake and Ohio Railway is receiving a great many inquiries as to the Lewis and Clark Exposition at Portland, Ore., commencing the opening of that great country by two intrepid Virginia pioneers. The trip across the continent lies through the finest scenic region of the country, and rates have been placed so low as to induce many Eastern people to visit the Oregon metropolis. The Exposition is now in full swing, and will continue until October 15th. The distance by the shortest rail route is 3,350 miles or a total for the round trip of 6,700 miles.

### Saw His Son Graduate.

Mr. H. Theo. Ellyson has returned from Thence, N. Y., where he attended the commencement of Cornell University, where his son, Mr. Theodore Gordon Ellyson, received the degree of mechanical engineer. Mr. Ellyson was greatly pleased with his trip and entertainment.

## NEWS GATHERED FROM SOUTHSIDE

Mrs. Lipscomb and Mrs. Walthall, Well-Known Ladies, Die.

### WILL ATTEND CONFERENCE

Mr. Pulliam to Speak at University of Virginia. Briefs.

Manchester Bureau, Times-Dispatch. Mrs. Della Edie Lipscomb, widow of the late John C. Lipscomb, died at the Retreat for the Sick Wednesday afternoon at 4:15 o'clock, in the fifty-first year of her age.

She is survived by two sons—John B. and Eugene W. Lipscomb, and one daughter, Mrs. May Lipscomb Stokes; also two sisters, Mrs. Reuben Burton and Mrs. George Stansbury. The remains will be carried from the Retreat to her late residence, No. 225 Semmes Avenue, Manchester, this Thursday morning, and the announcement of the funeral services will be made later.

Mrs. Lipscomb was for a number of years engaged in the millinery business, owning and conducting the large stores at Twelfth and Hull Streets, Manchester, and during the greater part of her business career made her home in Manchester. About six years ago her failing health necessitated relief from business cares, and compelled her to abandon the business that she had along brought to such a flourishing condition. Since her retirement she had made her home at her residence near Forest Hill Park. The demise of this estimable woman makes the closing of a life of business and dutiful attention to the obligations that men and women are heir to in this world, and no greater mark of esteem can be placed upon memory than to say that she was a loving and devoted wife, mother, and an unselfish, sympathetic, kind and friendly to all who knew her. She gave her whole life unstintingly to the welfare of her family and the uplifting of mankind with whom she came in contact.

Her family and many friends mourn their loss, but find consolation in the fact that she is now in the knowledge that she has gone to a richly deserved reward, passing in her eternal sleep to that realm of peace where no sorrow is known.

### Mrs. Alice Walthall.

Mrs. Alice Walthall, wife of Mr. Alonzo Walthall, died at 1 o'clock yesterday in her home, No. 218 East Ninth Street.

Mrs. Walthall had been ill for only a few days, and died peacefully. She was a devoted wife and mother, and was well known to the entire community. The deceased is survived by her husband, Mr. Alonzo W. Walthall, a daughter, Edna; her mother, Mrs. Rebecca Parkinson; two brothers—Messrs. W. B. Parkinson and John Parkinson—and three sisters—Mrs. A. Garrison, Mrs. E. Eastwood and Mrs. Margaret Turner.

The funeral services will be conducted from Fifth Street Methodist Church at 4 o'clock to-day by Rev. Arthur B. Sharp, her pastor.

The following gentlemen will act as pall-bearers: Messrs. J. W. Taylor, E. B. Sharp, E. L. Kidd, Charles Kidd, Luther Pitman, E. H. Hebbert, Perry A. Green and Thomas Morton.

### To Speak at University.

Superintendent of Schools D. T. Pulliam will leave on July 3d for Charlottesville to attend the Superintendents' Conference, to be held at the University of Virginia on July 4th, 5th and 6th. Pulliam will address the conference, speaking on the subject, "District High Schools and Normal Schools: The Imperative Demand of the Hour to Complete the Public School System to Prepare Teachers for the Common Schools." Mr. Pulliam will also address the Teachers' League, speaking on "Supervision of Schools."

Mr. Pulliam is an able and thoughtful speaker, and his addresses will carry home a few unadorned truths about the needs of the public schools.

Mr. A. H. Fitzgerald, principal of the Manchester High School, will leave on the morning of July 6th to attend the Teachers' League, which meets July 6th, 7th and 8th.

### Need Assistant Principal.

A male teacher, who is prepared to teach French as well as other high school branches, is needed in the Manchester High School, as the last incumbent will not resume the position. The applicant must be thoroughly qualified and must have had experience. A few teachers are also wanted, one who is prepared to teach Latin and French, as well as the usual branches of advanced grammar grades. Only those who have had experience need apply, says Mr. Pulliam, for the school is in good order, and only experienced teachers are wanted.

### Church Lawn Parties.

The lawn party at Cersley's Grove, which has proved such a source of attraction for the June time woe and the young men whose "fancy lightly turns to thoughts of love," closed last night with a large and happy crowd of attendants and bright prospects for good financial returns. The event, prompted by the benevolent spirit of the ladies of West End Church, has been a complete success.

### Personals and Briefs.

Mrs. W. A. Wilson and Mrs. Emmeline Hines, of Atlanta, Ga., who have been visiting Mr. and Mrs. D. L. Pulliam, have gone to Newport News to visit Mrs. A. C. Pulliam. Thence they will return home.

Mrs. A. C. Pulliam is very much improved, and is now up.

Mrs. Worham, of Forest Hill, who is supposed to have been kicked by a horse some time ago, is in a precarious condition.

Miss Ida Butler, of Swansboro, will leave in a few days for West Point, where she will spend her holiday.

Miss Clara Loser and Miss Sarah Redford, of Swansboro, will leave to-day to spend some time in Buckroe.

Mr. and Mrs. Titus Love, Mr. Sarah Hughes and Mr. and Mrs. J. S. Henry will leave to-day for Buckroe, where they will spend their summer holiday.

Miss Hillie Richardson has returned to Chase City after visiting friends at No. 119 Cowardin Avenue.

Mrs. W. E. Andrews, who has recently undergone an operation at the Virginia Hospital, was yesterday reported as improving.

Miss Annie Rucker, daughter of Dr. E. Z. Rucker, is visiting Miss Annie Hunter at Ashland.

Mr. Arthur Smith and Miss Gladys Womack, daughter of Mr. S. P. Womack, were married yesterday afternoon in the home of the bride, No. 2120 Stockton Street.

Tom Burke, of Swansboro, was arrested yesterday by Officer Grant on the charge of beating his wife. The case will come up before Squire Cheatham to-morrow.

## WILL NOT TAKE A CENT LESS FOR IT

City Must Be Content With the Original Offer of Mayo's Bridge.

### THE OPTION HAS EXPIRED

But Mr. Gay Will Undertake to Renew It if Desired.

At a meeting last night of the committee of the Joint Free Bridge Committee, representing Manchester and Richmond in the matter of the proposed erection of a free bridge on the site of Mayo's Bridge, a report from the special committee, stating in substance that Mayo's Bridge could be purchased for \$127,500, in three and a half per cent. bonds, issued jointly by the two cities, and that at present there was no option on the property, was submitted and accepted. It will go to the entire committee for ratification, Messrs. G. K. Pollock, of Richmond, and W. B. Bradley and J. S. Wakefield, of Manchester, signed the report.

After the perusal of the report of this special committee says that Mr. Ware B. Gay, president of the Mayo Land and Bridge Company, was seen with reference to the price of the property and as to whether a renewal of the option could be obtained. Mr. Gay's reply to the committee is quoted in full in the report, and is as follows:

"The option entered into between the Mayo Land and Bridge Company and the cities of Manchester and Richmond Free Bridge Company has expired by limitation. There is no option in force at this time and our stockholders and bondholders are unwilling to renew the option until the two cities have in some way expressed themselves willing to take the property at the price named, viz: \$127,500, in three and a half per cent. bonds. I suggest that if the committee representing Manchester and the committee representing Richmond are desirous of obtaining the property, they should express their willingness to their respective Councils for adoption, that I will undertake to secure a binding option providing sufficient time to enable them to pass upon the question."

### Would Take Two Weeks.

Mr. Gay further stated that it would necessitate a trip to Boston and that he would need about two weeks. He is willing to recommend that his company dispose of the bridge, as now constituted, with all of its franchises and rights of way, including all property owned by the company at both ends of the bridge and all property owned by the city of Richmond, for a sum of \$127,500.

After this special report had been received Mr. Pollock offered the following resolution, which was adopted: "That this subcommittee recommend that in the event it is determined by the Councils of Richmond and Manchester to construct a bridge on the site of the present Mayo's Bridge, that the property necessary should be acquired and the bridge constructed out of the proceeds of bonds to be issued by the Manchester and Richmond Free Bridge Company, the said bonds to be payable fifty years after the date thereof, to bear three and one-half per cent. interest, to be guaranteed jointly by the cities of Richmond and Manchester to pay equally to the said bridge company any deficit that may arise by failure of said company to pay the interest on said bonds, and to guarantee the use of said bridge for transportation and transmission companies of an amount equal to the interest, redemption and costs."

Messrs. Adams and Pollock, of Richmond, and W. B. Bradley, of Manchester, attended the meeting. Messrs. Wakefield and Reams, of Manchester, were absent.

### RED HOT HORSE RACE.

"Pride of Goodland" Goes Down in Defeat—Henrico Wins.

There was a race at the Deep Run track Tuesday afternoon and incidentally there was blood on the moon.

A "nag" that had made a clean sweep of good old Goodland county and had swept the sport of that locality off their feet, by his whirlwind finishes, was matched against a "barefoot boy" from the wire fences of Henrico.

While seated near the free lunch table in the Westmoreland Club, the well known "sport" who possesses the bill of sale for "Pride of Goodland," remarked in a casual but caustic drawl that "P. of G." could about clean up any animal on four legs, be it cow, goat, sheep or horse, that destroyed provender on the farm of a philanthropic gentleman residing in the neighborhood of Brook road.

The "dwarf" son of the farm owner called the bluff, and three sea-going hackloads of adventurous club excursionists made the voyage to the precincts of the hunt club without experiencing shipwreck.

"The dwarf" was forced to travel far out into a pasture and with an ear of corn ensnared "Black Star," his entry, which, with bare feet, he led to the scene of equine combat.

The fancy of the "red hot fraternity" of Goodland, whose unbroken record of victories clamored loud for recognition.

In looking over the "gees," Mr. Red Hussar remarked to "Bohemian Joe," that "he never saw such good things on a horse from Henrico."

"My judgment was in Scotland," replied "Bohemian Joe," who called attention to the "ring bone" in the favorite's nose. "He look to me like er injun horse," said B. J.

The match was set for one-half a mile, and the way "Black Star" took the "thing" on "P. of G." was a caution.

Fourteen lengths in front, "B. J." romped under the wire, throwing dirt into the open countenance of the Goodland gelding.

As the hacks drove homeward, the king sport sized up the situation.

"My judgment was in Scotland," he said. "When I see them 'curbs' on the Pride's front pastures, I ought to have climbed into a hedge."

It went at that.

## DO NOT FORECAST THEIR ACTION

Neither Senator Martin Nor Governor Montague Discuss Possibilities.

### NEITHER HAS CHALLENGED

Both Decline to Outline Their Probable Action in Such a Contingency.

Interest in politics centers on the appointments for the coming week, and especially on those of Governor Montague and Senator Martin, at King George Courthouse on Thursday, July 6th, and the possibility of a joint discussion between these rival candidates for the senatorship. There is much speculation as to the likelihood of a division of time, but up to date there is no further ground to suspect that such a meeting will occur than the fact that both are scheduled to speak at the same place the same day.

Neither the Senator nor the Governor will discuss a hypothetical case, nor are dependent on developments which cannot be foreseen so far in advance. Each declines to make a prediction as to what will occur, or to outline his own course, further than to state that they will speak at King George on the day named. The Governor declared his intention to speak there next Thursday, but had nothing to say as to the possibility of a joint debate between himself and Senator Martin, allowing a matter "thus far obnoxious" to lawyers would say, to take care of itself. He would not say whether he would challenge his competitor, nor whether in the event he were himself challenged he would accept.

Senator Martin likewise declined to be quoted further than to say that he made his date for King George regardless of any other candidate's plans, and would speak there on that day. Some of the Senator's friends express confidence that he would not decline a proposal for a division of time if he were challenged by the Governor, but it is not believed that he will be the challenging party. Such a discussion, it is anticipated, might develop acrimony, and some express the belief that the responsibility for any acrimonious display would be on the challenger. Then, too, the challenged party would probably have the close, which is generally regarded as an advantage.

The possibility of such a discussion, however, will add peculiar interest to this coincidence of appointments, and will undoubtedly serve to attract a large crowd at the courthouse on that date.

Their Other Appointments.

Both Governor Montague and Senator Martin have appointments for Saturday. Senator Martin will speak at Christiansburg, while Governor Montague will speak at Sussex Courthouse. Senator Martin will speak at Charlotte Courthouse Monday next, July 3d, the extreme eastern county of the Sixth District, and one who is being claimed by both sides.

On July 4th and 5th, the senator will attend the Culpeper Horse Show and will meet many attendants on the show. He is not announced for a speech there.

His next appointment, and Governor Montague's also, is at King George Courthouse on July 6th. While Senator Martin is at Culpeper July 4th, the Governor will be at Accomac Courthouse, where he will speak the same day. It is likely that the Governor will make other speeches on the shore, though his dates are unannounced save that at Accomac Courthouse.

Gubernatorial Candidates.

Hon. Claude A. Swanson will go to Newport News to-morrow and will address the voters of that city in the evening. On Saturday he will cross over to the Eastern Shore and address the independent community residing on Chincoteague Island, in Accomac.

Captain Willard will speak at Newport News soon, but the precise date has not been announced. He will be in the city on Saturday, and he will be in the city on Saturday, and he will be in the city on Saturday.

Judge Mann's movements are not announced, but the Nottingham candidate is making a vigorous campaign and many speeches.

### A FAMILY POISONED.

Mr. and Mrs. Elliott and Several Others Have Narrow Escape.

Mr. and Mrs. Junius Elliott and their four children, recently had a narrow escape from death by eating bread, in which there was arsenic poisoning. Rough-on rats is supposed to be the poison that in some unaccountable manner got into the flour.

Fifteen minutes after breakfast, Mrs. Elliott and two children who were at the home, were taken suddenly ill. Miss Nellie Elliott, one of the daughters who was ill the night before, did not eat any breakfast and therefore escaped the poison.

As soon as she noticed the illness of her mother and brothers, she at once notified a physician, who worked hard to counteract the poison. Over consumption

## MANY EXPORTS FOR THIS PORT

Virginia-Carolina Chemical Company Receives Quantity of Burlap.

### TEN THOUSAND FOR DUTY

The Government Will Get Large Sum for Its Share—Good Wines Come.

The customs receipts for the port of Richmond for the month of June will probably exceed those of any month during the fiscal year just closing. Besides large receipts of miscellaneous goods such as wines, whiskies, cordials, mineral waters and medicinal waters, crockery ware, China and glassware and other commodities, two of three very large consignments of burlaps have been received from India by the Virginia-Carolina Chemical Company, the duty on which will greatly swell the month's figures.

Invoices have been received for a shipment of 50 bales of burlaps received aboard ship at Newport News, but on which the duty is paid at the Richmond office, and 75 bales received via New York. This is one of the first large receipts of burlaps via Newport News.

The material is used in immense quantities by the Virginia-Carolina Chemical Company for making bags for fertilizers. Incidentally the large receipts of burlaps indicates a large output of commercial fertilizers by that company.

This shipment of 50 bales requires 15 cars to transport. There are some 17 tons, and the material runs 2,000 yards to a bale, the width of being 36 inches. Stretched out longitudinally, this shipment of burlaps would extend for a distance of more than 650 miles. The duty collected by the Scotch government thereon amounts to \$10,000.

Another invoice received at the local custom house was that of four carloads of brown hosiery, or about 10 tons.

"R. L. Christian and Company have received in bond 50 cases of vermouth and a consignment of Scotch whiskies and wines of various kinds.

Another interesting import, on which the duty is paid here but which is destined for Durham, N. C., is one of 30 cases of paper mouth-pieces for cigarettes. These come from Kobe, Japan. There are thirty million pieces in all.

The duty thereon is \$37.50, and the shipment is consigned to the British-American Tobacco Company. Altogether, the customs receipts for the port for June are already over \$20,000.

Mr. Jones Improves.

The condition of Mr. H. Stewart Jones continues to improve. Mr. Jones was probably taken from the Virginia Hospital to his home on South Third Street to-day or to-morrow. He was operated on for appendicitis.

Wait and watch for the Post. It will be to your interest.
